

END-OF- PRODUCTION

Christie D16HD/D20HD-HS

We continually evaluate market demands to ensure we properly balance product portfolios to accurately address our customer's needs.

As a result, on August 13, the Christie® D16HD-HS and D20HD-HS 1DLP® laser projectors reached end-of-production. We still offer similar viable options in WUXGA resolution to meet your needs as outlined below.

We'll continue to provide support for 3 years from the end-of-production date, until August 13, 2024, while parts are available, unless the product is covered under a warranty or extended warranty, in which case we'll continue to provide support for the applicable warranty period.
